

101 THINGS DESIGNERS CAN DO TO SAVE THE EARTH

A Q U E N T

ERIC KARJALUOTO

CHANGE

www.designcanchange.org

A green pencil with a sharpened lead tip and a green eraser. The name 'ERIC KARJALUOTO' is printed in white on the side of the pencil.

ERIC KARJALUOTO

Designing change

One small studio considers climate change and provides suggestions on how you too can take action

I don't know that much.

Considering the problem

0

Holy crap... we make a lot of crap.

Search

CHANGE

“A digestible, fact-based resource, Design Can Change offers an overview of the issue, poses some new questions, and points us in new directions. Most importantly, it recognizes our power as designers to effectively move toward a sustainable future.”

Suggestions

The pledge

1. Learn

2. Think

3. Act

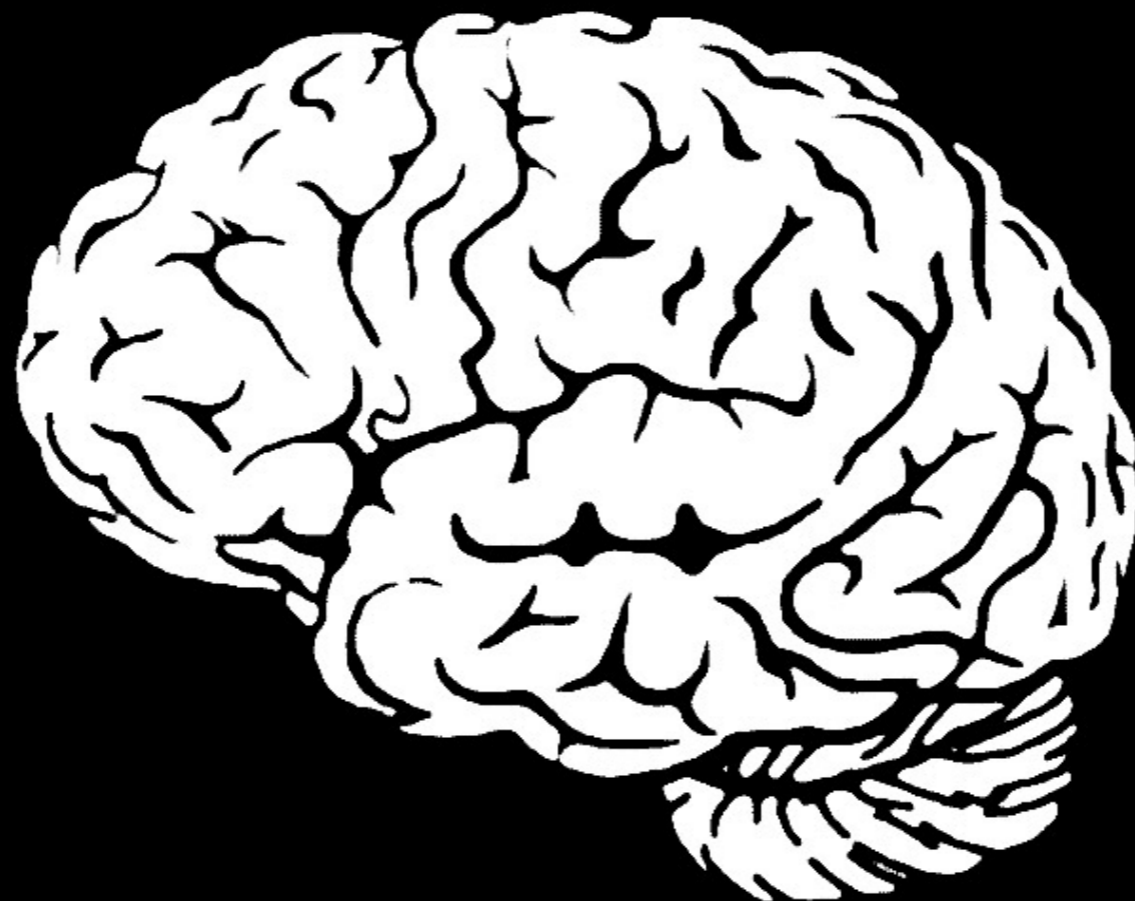

4. Inform

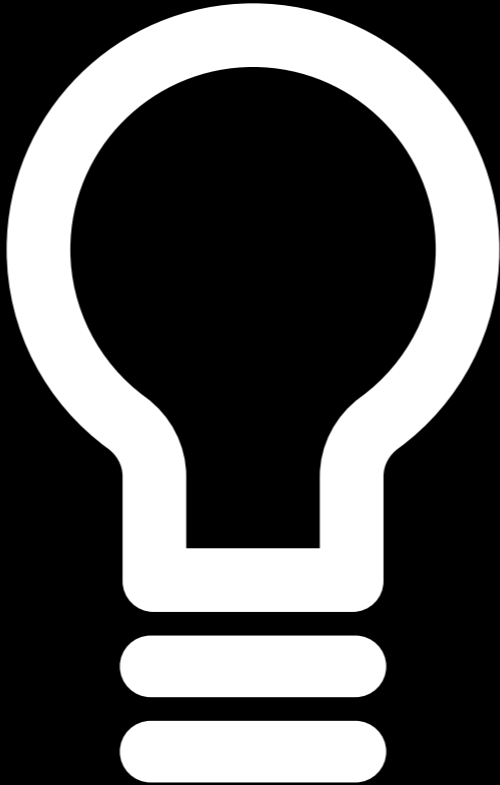

5. Unite

more...

Wrapping up

Thanks Larry!
